

If you are unable to keep this appointment, please contact me immediately to make another appointment. Failure to do so may result in the Department for Work and Pensions/Local Authority recommending legal proceedings against you without further notice.

If someone such as a parent, guardian, social worker or other person with responsibility for your welfare, accompanied you at your interview under caution in order to advise and assist you, they should also accompany you at this interview. If no-one accompanied you for this purpose at that interview, you can still bring a friend or relative with you if you wish.

If you are a text phone user, you can contact us on the number at the top of the letter, by using the Talk Type Service.

Yours sincerely

MR E WHITESIDE
Fraud Investigator
