Susan Polgar – “Chess Olympiad in Dresden 2008. My old friends GMs Korchnoi and Yusupov before the start of round 1. When he saw me on stage, he got up and came to say hello” (unquote)

The famous "Polgár sisters": Zsuzsa (Susan) *1969, Zsofia (Sofia) *1974, and Judit *1976:

Susan Polgar is the first female to earn the (male) grandmaster title through tournament play by official norms, and is credited with breaking a number of gender barriers in chess.

Judit Polgar is the greatest female chess player, leading the world rankings for an amazing 25 years, her highest rank on the World Men’s Elo Rating List was 5th in 2004 (Sonas) and 8th in 2005 (FIDE).
